

## LISTEN TO THE SOUNDS

Composed by: David Giller / Lyrics by David Giller & Tim McCaig

Listen to the sound of the birds;  
It's the most beautiful sound you ever heard  
You'll be feeling so right...well on into the night,  
When you listen to the sound of the birds.

Now...listen to the sound of the sea,  
It's the one thing that allows us to "be"  
You'll be feeling so right...well on into the night,  
When you listen to the sound of the sea.

You gotta listen...Listen...Hear those incredible sounds....  
Listen...Take the time and listen...Listen to these wonderful sounds.

Listen to the sound of the trees  
And the cracklin' sound of the leaves;  
You'll be feeling so right...well on into the night...  
When you listen to the sound of the trees.

You know I'm listening to what you have to say,  
So tell me what your feeling today.  
You'll be feeling so right...well on into the night,  
'Cause I'm listening...to what you have to say.

You gotta listen...listen...Hear those incredible sounds...  
Listen...Take the time and listen...Listen to those incredible sounds....

So listen to the voice from within.  
When you feel it in your heart...you're gonna win!  
You'll be feeling so right...well into the night  
When you listen to the voice from within.

You gotta listen...Listen.... Hear those magical sounds....  
Listen...Take the time & listen...Hear those wonderful,  
Hear those Glorious...Hear those incredible sounds....

Listen to the sounds of the birds  
Listen to the sounds of the sea  
Listen to the sounds of trees  
Listen...to you and me.....  
Listen to the sound of your SOUL!...(fade) Listen...
