

TODAY IS MY DAY

Composer: David Giller

I'm getting ready for work,
Getting ready for school,
I'm Getting ready for a brand new day
I woke up this morn
Felt like I was just born
Knew that everything was going my way.

'Cause today is my day...
Things are going my way.
I'm in control of my destiny...
Good things are gonna happen for me...
Good things are happening for me!

So I walked out the door
With a smile on my face,
Felt I was holding the world on a string,
I looked up at the sky,
Then I knew why
I could conquer anything.

As the time moved along
I was getting real strong
Happiness was settin' right in.
Despite all the stress
I just felt blessed
I knew I was going to win...

Because today is my day
Things are going my way.
I'm in control of my destiny...
Good things are gonna happen for me...
Good things are happening for me.

So, if you go along
Singing this song
And doing what you have to do.
You can take it from me
You're gonna see
A whole lotta skies of blue!

Because today is your day
Things are going your way
You're in control of whatever you do.
Good things are gonna happen for you.
Good things are happening for you!

Good things are happening for me...
Good things are gonna happen for you
Good things are happening for me...
Good things are gonna happen for you!
